BANDITS MAKE BOLD ROBBERY OF PAY ROLL AT VESTA MINE

Hold Up Paymaster And Mine Foreman Under Ground and take Money

OVER $6,000 AMOUNT TAKEN

A payroll robbery, in which the bandits secured between $6,000 and $7,000 took place at the Vesta mine, in West Pike Run township, about 11:45 o'clock Tuesday morning. The paymaster Fred Saye, and the mine foreman, Thomas Woods, on the way from the California office to pay the miners who live at Ritcheyville, were held up by four bandits, who tied the two men with ropes, and taking the money, made their escape. Later one man named Julius Carzone, who lives in Ritcheyville, and who is said to have been implicated in the robbery, was arrested as he was leaving the mine by Superintendent Joseph Edwards. Carzone is said to have made a confession, saying that he was compelled by the three men who planned the robbery, to accompany them under penalty of death.

It has been the custom of the paymasters at the Vesta mine to make the trip with the money for the Ritcheyville miners under ground for a distance of several miles, from the company's office at California, using what is known as a "man trip," a motor and one car. This trip was being made on Tuesday with the two-weeks' pay of the men in the Ritcheyville section, and when about a hundred yards from the bottom of the shaft the paymaster and the mine foreman left the motor.

Suddenly from out of the darkness came the command, "hands up." Paymaster Saye dropped the handbag in which he carried the money and reached for a revolver in his hip pocket. As he tried to draw the weapon, his hand was struck a heavy blow and his grip on the revolver broken. It fell to the ground and was picked up by one of the four men.

In the light furnished by their lamps and the flashlight of the bandits, with the exception of Carzone, who carried a lamp, they could see three revolvers leveled at them and they were forced to submit to the demands of the robbers. Shoving the grip filled with money against the mine wall, the bandits bound Saye and Woods.

After being taken to an abandoned entry Saye and Woods were left in charge of Carzone, the three bandits left, believing their victims to have been bound securely.

Carzone left shortly after and the two men began immediately to attempt to free themselves. Woods had not been tied securely and by twisting and squirming he managed to reach the side of Saye. Feverishly working as fast as possible they finally got a knife from Wood's pocket, by which the ropes were cut and they were freed. This time occupied about 15 minutes. They then rushed to the shaft and were taken to the surface, where the news was spread, but the bandits had secured too much of a lead and had managed to get away.

The three bandits who escaped, got away through an entrance not far from the Deems school, near the Moffitt mill, West Pike Run township. They are said to have been former employes who were discharged in June. The district attorney's office at Washington was notified and county detectives Laird and Weiner were sent to the scene with bloodhounds, but no trail could be secured because the bandits had used an automobile.

Officers are on the lookout for the bandits and it is possible they may be arrested. News of the robbery was flashed all over the county and officers asked to be on the lookout for the men, who were said to be driving a Hupmobile with no license tag, but on which was a placard, "License Applied For."

The robbery caused intense excitement in the Ritcheyville community and all through that neighborhood.

BROWNSVILLE POLICE PUZZLED OVER SHOOTING

Held by the Brownsville police pending further investigation into the killing early Sunday morning of Charles Gimbers, a well known resident of that town, Mrs. Nancy Green, aged 23, maintains her original story. She declares she killed Gimbers by firing through a window over which the shade was drawn, while he was attempting to force an entrance to her rooms. The woman and her victim are colored.

MAY BE AN HEIR TO LARGE FORTUNE

John Gray, a well known resident of North Belle Vernon, may probably fall heir to part of an estate valued at $250,000,000. He is one of the descendants of an old family in Delaware and it is believed that his right to share in the estate can be substantiated.

Mr. Gray, who is now a deputy warden at the Greensburg jail, was in consultation with J. H. Springer of Ruffsdale, and Howard Springer of Irwin, who are also interested in the estate, and they will likely join with other relatives in forming an organizaton to make a contest for part of the estate.

The estate was left by Conrad Springer, one of the wealthiest residents of the state of Delaware, and the courts are not yet satisfied as to the rightful owner of the property. Mr. Gray and others in this section of Pennsylvania will endeavor to prove their rightful claim to at least part of the estate.

Meat Shop Closed Because Of Unsanitary Conditions

Health Officer William Darby, acting for the local Board of Health on Tuesday noon, closed the meat shop of Savage Brothers at the corner of Crest avenue and Eighth street because of its unsanitary condition.

Officer Darby had received a number of complaints about this place and made a preliminary examination, advising the proprietor to clean up. However, the orders were not carried out, and on Tuesday noon accompanied by Burgess Woodward another visit was made to the place, when the health officer ordered the shop closed until the proprietor made a thorough cleaning.

The principal complaint against the shop was the prevalence of flies, and the keeping of a large number of chickens in the basement room of the building, directly under the retail meat shop. The proprietors did all their killing in this lower room, and apparently but little effort had been made to clean the place up. An electric fan was being used in an effort to keep the odor from the meat shop, but this plan was only partially successful.

When the place was closed the proprietor of the shop was directed to appear before the Burgess at 7 o'clock Tuesday evening, who after hearing the evidence offered, imposed a fine of $8 and costs, amounting in all to $10, which Savage paid.

Health Officer Darby said the shop could not be opened until all the laws with reference to sanitation had been fully complied with.

SAY SUSPECTED MEN ARE WELL KNOWN

A United Press telegram this morning said three additional suspects had been arrested in connection with the payroll robbery at the Vesta mine near Ritcheyville, Tuesday forenoon. It is said the men suspected of the robbery are all Polish, and that they had served in the American Expeditionary Forces in France. They aresaid to make their headquarters in Pittsburg, making periodical visits to Ritcheyville. They are said to have remained in the Vesta mine all Monday night, preparatory to robbing the paymaster on his way to paying the miners in the Ritcheyville district.

GOLDEN JUBILEE PICNIC AT THOMPSON RUN GROVE

The St. Aloysius Society of St. Agnes church, Thompson's Run, near Homestead, of which Rev. B. R. Axmacher is pastor has announced a golden jubilee to be held at St. Agnes grove, Thompson's Run, on Saturday, July 17. A fine program has been prepared for the outing, with 75 jubilee brand euchre prizes, boxing, wrestling, vaudeville, sports and band concert, as well as a special dinner and supper. If the day should prove fine a large attendance is promised.

SAY THEY WILL IMPROVE LINCOLN AVE. EXTENSION

Members of council made a personal view of Lincoln avenue extension last evening, in company with William Armbruster. Council now has the necessary repairs to the street under advisement and it is likely that Mr. Armbruster will be placed in charge, under direction of the local street department. Council will hold an adjourned meeting soon to take action in the matter.

Mrs. Paul Steel who underwent an operation for appendicitis at the Memorial Hospital, Monongahela, is rapidly recovering. Mrs. Steel will be remembered among her friends as Miss Nell Crytzer, formally of Charerci.

Mrs. Joseph Harosky of Charleroi will undergo an operation for gallstones at the Charleroi-Monessen hospital Saturday morning.

ANNIVERSARY OF BIG FLOOD OF 32 YEARS AGO

Saturday and Sunday were anniversary days of the big flood of 1888, when the Monongahela river made a record which has not been equaled since that time. All of the lowlands along the valley were flooded at the time, and a great deal of destruction was done by the rushing waters. Many cripples were washed away and much damage was done in the various towns along the river. The river rose all day of July 10 that year at the rate of 18 inches an hour. The flood was the result of extraordinary heavy rains at headwaters.

CAR TOP DAMAGED BY A SMALL BLAZE

The top of Dr. Greenfield's Ford coupe, which was standing on Fifth street Monday afternoon, was damaged by some one throwing a lighted cigarette thereon. A hole was burned in the top and there would have been greater damage had not the fire been discovered when it was and put out by those nearby. Dr. Greenfield is at a loss to know whose action caused the damage to his car.

LUTHERAN PICNIC FOR THURSDAY

The Lutheran picnic will be held at Oakland Park tomorrow. A special car will leave Lock 4 at 9:45 o'clock, a. m.; Sixth street and Fallowfield at 9:50 a. m. Children under 13 years will have fare paid. A fine program of games, races and contests has been arranged, and a fine time is assured.

ATTENTION!

VANDALS DESTROY PROPERTY AT THE LOCAL BATHING BEACH

Locks On Refreshment Stand And Bath Houses Broken Last Night

OTHER DAMAGE WAS ALSO DONE

The bathing beach, which is one of the most popular institutions in Charleroi, was raided by vandals some time during Tuesday night and considerable damage done to the property. All of the locks on the bath houses and the refreshment stand were broken, and the various places entered and some goods taken from the refreshment stand. In addition a number of boards were broken in and about the houses the entire damage amounting to a considerable sum.

Today Mr. Schafer, who has been instrumental in having this splendid enterprise a feature in our civic affairs, offers a reward of $25.00 for the arrest and conviction of the party or parties implicated in this vandalism, and said that he would gladly pay for the information that would lead to the arrest and conviction of those concerned in this outrage.

The bathing beach is maintained at the expense of a few of the generous hearted citizens of the borough. It is not maintained for profit, for at the end of every season these men are compelled to go down into their pockets in order to make up the deficit. Not all of those who patronize the bathing beach are paying patrons, as it was pointed out this morning that on a recent day, out of 175 bathers, only three had paid for any of the privileges of the beach. As it requires a considerable sum of money to maintain the institution it is easy to see that the only satisfaction the promoters get out of the enterprise is an opportunity to pay the bills and shoulder the losses. However, they have been willing to do this, in order to give the people of the community a suitable place to enjoy river bathing.

It was reported this morning that during the past couple of nights the beach has been the scene of a drunken carousal, and it is possible that during one of these disturbances last night some of the participators showed the inclination of their natures by destroying the property.

It is certainly very discouraging to those who have promoted this enterprise to thus have their property destroyed and additional unnecessary expense entailed and all because there are those in the community who seem to be inclined to make destruction rather than to assist in such splendid public enterprises. Citizens generally hope that the perpetrators will be apprehended and that they will be compelled to bear the burden of expense which their actions caused, as well as to bear other penalties which should be imposed upon them.

FORMER MONESSEN POLICEMAN ASSAULTED

Lem Carlson a former police officer of Monessen, was assaulted Saturday evening last, presumably by a man named Jim Lucas. Carlson was hit on the back of the head with some blunt instrument and knocked down, and has remained in an unconscious condition ever since. It is presumed that in falling he struck his head on a curb stone. Lucas was arrested but later released on a $10 forfeit.

PREFERENTIAL ORDER FOR 30 DAYS MORE

The Interstate Commerce Commission on Tuesday handed down a decision which in an amended form extends the life of the coal priority order, restricting in the territory east of the Mississippi river the use of open-top cars to the transportation of coal, for an additional 30 days from July 21 next. The order is now in force, with a view of meeting a coal famine, which it is asserted will take place in the New England the northwest unless some drastic methods are employed to get a full supply to those districts.

Steel mills and other industries tried to have the order amended, or at least no extension given, claiming that it will eventually cause a shutdown of mills as well as other work if allowed to continue. As it is, mills are stocking finished product because of lack of cars in which to make shipments, while in many instances box cars are being utilized where open top cars had been used before.

ELECTRIC ALLOY STEEL BEGINS PRODUCTION

According to "Money and Commerce" production began at the local plant of the Electric Alloy Steel Company of Youngstown, Ohio, purchased a short time ago from the Universal Steel company of Cleveland, Ohio. The output will consist of special analysis steel and will be at the rate of 25 tons a day at the start. It is planned to double the production by August 1st, the normal output to be about 15,000 tons. The product is sold for 60 days ahead with plenty of business in sight.

WHAT IS IT COMING TO?

From all reports very few boys are learning the building trades in this country. Builders of long experience aver that hardly a parent in the United States is willing to have a son learn to be a bricklayer, a carpenter, plumber or stone mason, and certainly not a laborer. Instead, the preference is for some means of livelihood where brain instead of brawn will constitute the earning power. That has been the rule up to now. But now, when building tradesmen get wages double, and in some cases triple, what the white collared classes get, many of the young men who want better pay are thinking of giving up genteel jobs for those that mean greater physical exertions but much better pay. The one good feature of the high wage era is that it will draw many a young fellow to trades that they have heretofore seemed ashamed to learn. It will tend thus to lengthen their lives, increase their usefulness, by making them producers instead of consumers only, it will help to do away with false pride which has fast been becoming a curse in this country. Heretofore even the newly arrived illiterate foreigner has been determined that his little offspring shall be a genteleman. He will not grow up to work like his father did—with his hands hardened by toil and his clothes shabby. But the high wages now prevailing is tending to change even the native of foreign shores to view the situation and future differently. He wants his offspring to stick to whatever work will produce the best pay, and thus in the end this high wage era may prove a national blessing.

SPLITTING THE SOLID SOUTH

There are signs that some of the political leaders are beginning to see the danger of the 'Solid South," and there seems a possibility of a more sincere effort to make a respectable Republican party in the South. The chairman of the campaign committee of the Republican party has recently announced that whether the South needs the Republican party or not, the Republican party needs the South, and that the present and future policy of the party must be such as to merit that support.

San Francisco made quite a reputation with eastern visitors during the Democratic National convention. It did not charge visitors excersive prices for accommodations and eatables, and thereby gained their good-will. The prices caused astonishment because of their moderation and the big city of the Pacific coast will have lots of boosters because of this outstanding fact.

The executive committee of the Interchurch Movement has called off the campaign to raise a billion dollars after collecting $176.000,000 at an expenditure out of all proportion to the results. The committee attributes the failure to the present public attitude toward "drives" of whatever sort. Undoubtedly the public is weary of so many afterwar drives following the strain of responding patriotically during the war itself. This would be so even if there were no increased disposition to conserve one's funds in these uncertain times. Moreover, a harried public even where acause may be approved in itself, is beginning to look with marked disfavor upon commercialized solicitation, with paid forces of organizers, professional drivers and salaried publicity agents.

Four children killed in Donora within the past month while trespassing on the railroad tracks. Quite a gruesome record, but one that will not be improved unless parents exercise a closer supervision over their children. Unfortunately communities like Donora, Charleroi and similar towns have no playgrounds for children, and they must seek amusement wherever their inclination leads them. The larger cities recognize their civic duty in this respect and supply playgrounds for the rising generation.

Remember your dead. W. S. Cook and Co. Monuments with Lawrence Frye Funeral Director. 208tf

The smaller community must do the same thing, if it expects to give the children a fair show in starting life.

The Mayor and Council of Providence, R. I. have turned it and it is embarrassing to pick from among all the candidates of that city the girl who, twenty years old, marriageable and a daughter of the common people will best deserve by her conduct and family virtues the income for one year left her by the strange will of an Italian Count who took a notion to pay tribute to the wife he himself found in Providence. The Mayor and Council have got themselves out of a peck of trouble by refusing to accept the bequest.

The Department of Agriculture estimates that eight million perfectly good milk bottles, worth five cents a piece are gleaned every year from the rubbish dumps We should like the Bureau of Motor Vehicles to calculate how many are smashed on account of the roads which automobiles frequent.

Surely the most gruesome item in the year's official records is that the electrician in the death house at Sing Sing prison will for the first time have to pay an income tax, because of the number of fees he has received for manipulating executions. Let us at least be grateful that he is not assessed for an excess profit tax.

The British treasury has deemed it necessary to authorize the statement that neither the British nor the French government has ever suggested the repudiation of its debts. We may add that no rational man ever suspected either of them of such a purpose. They know better.

SELF-FEED LOADER FOR ROAD WORK

The commissioners of Washington county were at Beech Bottom, W. Va., on Monday, where at one of the mills there they saw a demonstration of a self-feeding bucket loader. It is proposed to secure one of these loaders for the county. It will be used from time to time at different places over the county where there are piles of burned slate, more commonly known as "red dog," at the various coal mines.

This burned slate, when properly placed, makes an excellent road. If put on a highway, rolled and then oiled, it will last for a long time, and with very little expense for maintenance. The first cost of construction is small, as mine owners generally are very anxious to get rid of this accumulation so familiar at our coal workings.

With this self-feeding bucket loader, which can be operated by one man, trucks or wagons can be filled as fast as they can drive under the loader. The idea of the commissioners is to place this loader for several weeks at a time at these slate piles and for a nominal sum, simply to cover overhead expenses, allow townships to have the benefit of it. It is the purpose to encourage townships to improve with this burned slate the feeder roads to the main highways.

CLOSED SEASON ON SOME GAME IN FOUR COUNTIES

The State Game Commission will not receive petitions for closing of counties to certain kinds of game after August 1 as far as this year and next are concerned. Four counties have been closed to certain kind of game and a half dozen other petitions are pending. Franklin county has been closed to pheasant hunting and Westmoreland for wild turkeys and quail for a year and Indiana on turkeys, pheasants, quail and gray squirrels.

Names of the Republican electors for Pennsylvania have been agreed upon by the State Committee and have the approval of Senator Harding, the Republican candidate for President. The elector from the Twenty-fourth district will be Thomas H. Hartman, of Lawrence county. From the Twenty-second district, Alexander D. McConnell of Greensburg.

Six heifers came tomy place over a week ago and I cared for them since that time. The owner of same is notified to call for them and pay the expense incurred.

Nuxated Iron Will Increase Strength of Delicate People In Two Weeks Time

In many instances says City Physician persons have suffered for years without knowing what made them feel tired, listless and run-down when their real trouble was lack of iron in the blood—how to tell.

If you want to make an [illegible] on all people who are ill [illegible] probably be greatly astonished at the [illegible] large number who [illegible] are ill for no other reason than [illegible] iron. The moment iron is [illegible] of dangerous symptoms [illegible] Without iron the blood [illegible] power to change food into [illegible] therefore nothing you eat does [illegible] don't get the strength out of [illegible] mercy passes [illegible] through a wall with [illegible] that the mill can't [illegible] continuous blood and nerve [illegible] become [illegible] run down and [illegible] conditions. One [illegible] denied with unlearn [illegible] they can hardly walk some [illegible] dyspepsia, indigestion, liver trouble, some can't sleep at night, others are sleepy and tired all day, some are irritable; some skinny and bloodless, all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your fagging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. You can talk [illegible] about all the wonders wrought [illegible] iron, but when you come down [illegible] to hard facts there is nothing like good old [illegible] iron in your blood and good [illegible] rich flesh on your bones. It is [illegible] and strength builders [illegible] of the best blood builders [illegible] Nearly all [illegible] trouble was the [illegible] forms of organic iron like nuxated [illegible] often ruined people's health [illegible] stomachs and were not assimilated [illegible] as they frequently did [illegible] good. But with the discovery [illegible] newer forms of organic iron all [illegible] has been overcome. Nuxated Iron, for [illegible] is pleasant to take, does not injure [illegible] and is almost immediately beneficial.

Manufacturers' Note: Nuxated Iron which is recommended above is not a secret remedy but one which is well known to druggists everywhere. Unlike other inorganic iron products it is easily assimilated, and does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.

LITTLE BOYS AND GIRLS

with little accounts in this bank grow to be big boys and girls with big accounts.

They, their accounts, and we all grow together and the good we can accomplish for ourselves and the community has absolutely no limit.

The sunny faces of our youthful patrons means much to us. We are as much interested in them as we are in the deposits they bring.

Our officers do all in their power to make the children feel at home.

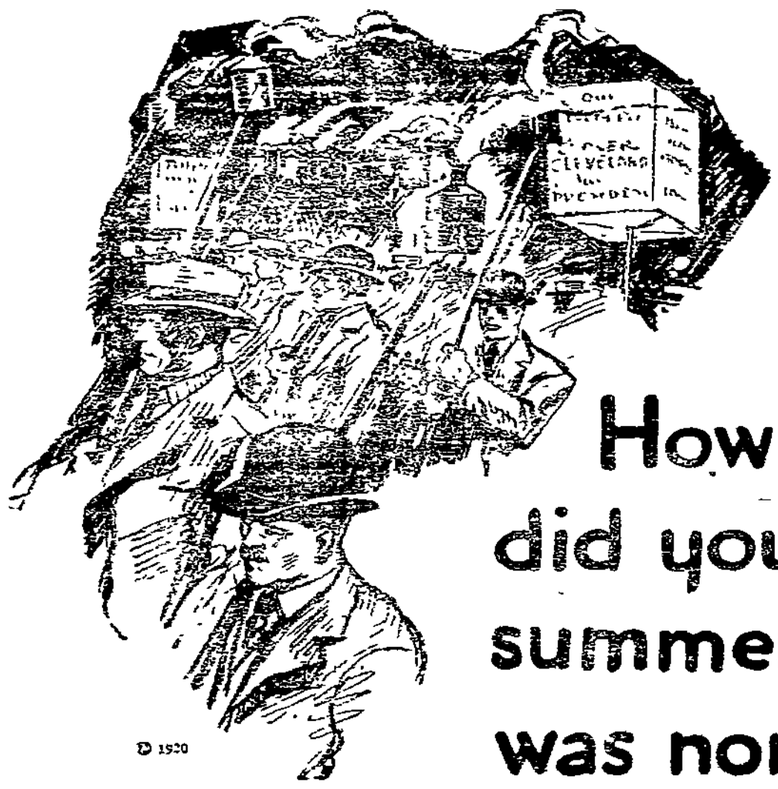
OUR JOB DEPARTMENT IS ALWAYS BUSY—THERE'S A REASON



How many miles did you march the summer Cleveland was nominated

© 1920

REMEMBER the time the first automobile parade was organized? Even the good old torchlight procession had to give way before the advance of progress.

II

Tires are often sold the same way politics are.

The last people to wake up to what they are getting are the *people who pay the bills.*

The bills are getting *too big* these days in both cases. And the man who is feeling it most with respect to tires is the man who owns a *moderate-price car.*

III

The idea that the small car owner doesn't need a good tire is rapidly going the way of all mistaken ideas.

He needs it *more than anyone else.* It's part of our job, as we view it, to see *that he gets it.*

Our tire service starts with *good tires*—U. S. Tires. *All sizes* made to a *single standard* of quality—none graded down to the price of the car they will go on.

U. S. perfected the first *straight side automobile tire*—the first *pneumatic truck tire.*

The U. S. guarantee is for the *life of the tire,* and not for a limited mileage.

IV

When we recommend and sell U. S. Tires we do so in the interest of *greater tire economy.* It is our experience that that is the *best way* to build up a sound and sizable business.

Select your tires according to the roads they have to travel

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—*everywhere*—U. S. Royal Cords.

MONESSEN HAS LOCAL BASEBALL LEAGUE

Following the footsteps of Donora the industries and business men of Monessen have formed a baseball league, which will play twilight games during the remainder of the summer. Four teams, representing the business men, the Page Steel, Carnegie Steel and the Pittsburg Steel, have arranged a schtdule, which will be played at Page Park each Tuesday and Thursday evenings of each week, with Friday evenings for postponed games. The Donora home league has developed quite a number of fine players who have been taken by fast minor leagues and it is not unlikely that the Monessen league will have the same result.

CONCRETE ROADS IS AGAIN OPEN TO TRAFFIC

The concrete road opposite Monongahela, which was badly damaged several weeks ago by a heavy landslide has again been opened to the public. A roadway having been cleared through the debris. After the steam shovel had cleared away the dirt it was found that the landslide had not only destroyed about half the roadway, but also carried away the big retaining wall. It will be necessary to drive more piling, over which to build a retaining wall, after which an additional will have to be made before the roadway can be relaid. It will take several months to do the work, and it will be an expensive operation

My wife Mrs. Margaret Bertraux left my bed and board without any cause and I will not be responsible for any debts contracted by her.

"Successful Thru Service"

STRONG EVIDENCE

Is the Statement of This Charleroi Woman.

Backache is often kidney ache;
A common warning of serious kidney ills.
"A Stitch in Time Saves Nine"—
Don't delay—use Doan's Kidney Pills.

Profit by the experience of Mrs. S. Humphries, 109 Followfield Ave. She says: "I can certainly recommend Doan's Kidney Pills from my experience with them for they did me a great deal of good. I was all in with backaches and dizzy spells. My head ached all the time and my back pained so when I tried to straighten up, could hardly move. My kidneys were weak, too. Doan's Kidney Pills cured me entirely."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Humphries had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ARREST IS MADE FOR RAILROAD ROBBERY

Owing to the numerous robberies from the Monongahela Railway cars in transit during the past two months the company has placed a large force of detectives on the River division Last Friday morning Detective C. C. Humbertson brought a man to Brownsville and lodged him in the South Brownsville lockup, charged with larceny of merchandise from the railroad at New Geneva. The robbery is said to have occurred June 3, and the guilty party caching the goods under a haystack, where they were found by the officers. The man arrested gave the fictitious name of "John Doe."

FARMERS HELPING EACH OTHER WITH HARVEST

Wheat harvest is well under way in the southern tier of counties of Pennsylvania, according to reports received by the State Agricultural Department. The community plan of helping out in the cutting of the grain is being followed more than ever before on account of the shortage of farm labor. The "wheat belt" of Pennsylvania is located chiefly east and south of the Blue Ridge although a number of central and western counties have a fair acreage.

BELLE VERNON PASTOR OFF ON VACATION

Rev. Perrin Baker, pastor of the Presbyterian church of Belle Vernon has been granted a two weeks' vacation by the official board and left Wednesday morning last for Browning, Md., where he will spend part of his time.

Resolutions of Respect

At a regular meeting of Charleroi Circle 303 Protected Home Circle held Friday, June 28, the following resolutions of respect were adopted on the death of Brother Frank Sharpnack, who died June 21, 1920.

Whereas Almight God in his Supreme wisdom has seen fit to take to his Heavenly home our worthy and beloved Brother and as we bow in humble submission to his divine will we pray he will comfort the beloved ones left to mourn his loss.

Resolved that we the members of Charleroi Circle 303 extend to the wife and family of our deceased Brother our sincere symoathy in this hour of great sorrow and ask that the good Lord may lighten their burden and throw sunshine in their path which now seems so dark.

Resolved, that a copy of these resolutions be sent the bereaved family a copy spread upon the records of our Circle and published in the Charleroi Mail.

CHILDLESS WOMEN

Please Read This Letter And See What Normal Health Will Do For You.

Lancaster, Pa.—"I was weak and run down, had pains in my head, back and stomach all the time, and bearing down pains. I had used Lydia E. Pinkham's Vegetable Compound and it helped me, so my mother got me to try it again, and I am now feeling better than I have for years. We were married sixteen years and had no children, but now we have a fine big boy and we always call him our 'Pinkham' boy. The doctor was afraid of my case as I was 41 years old when the boy was born, but I came through all right. You can use this as a testimonial if you wish and I will certainly write to any one who writes to me about it." —Mrs. MARGARET G. HAVERCAMP, 529 Howard Avenue, Lancaster, Pa.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

CONTRACT IS LET FOR NEW HIGH SCHOOL BUILDING

The school board of the Belle Vernon district last week let the contract for the new High school building in that town to the Belle Vernon Construction company, and work on the new structure is expected to begin within a few days. The bonds issued by the board for this work, amounting to $45.000 were taken by the Valley Deposit and Trust company of Belle Vernon.
